

DESCRIPTION

**WHITE SEAMSEAL BUTYL NON
SETTING BEDDING MASTIC 380ML**

ORDER CODE

S 3285 MSDS

SECTION 1: Identification of the substance / preparation and company

1.1 Product identifier

S 3285

1.2 Relevant identified uses of the substance or mixture and uses advised against
Sealant

1.3 Details of the supplier of the safety data sheet:

Seals + Direct Ltd
Unit 6, Milton Business Centre
Wick Drive, New Milton
Hants, BH25 6RH
Tel: 01425 617722
Fax: 01425 610967
Email: sales@sealsplusdirect.co.uk

1.4 Emergency telephone number

Tel: 01425 617722 (Mon – Fri 8:30am – 5pm)

SECTION 2: Hazards Identification

Solvents may be absorbed through the skin.
Prolonged and repeated contact may cause drying of the skin and possibly dermatitis.

SECTION 3: Composition / information on ingredients

Chemical characterisation

Homogeneous mixture of mineral filler, synthetic rubber, inert liquid polymer and white spirit.

Hazardous Ingredients:

White Spirit

This information and our technical advice, whether verbal, in writing or by way of trials, is given in good faith but without warranty. This also applies where proprietary rights are involved. Our advice does not release you from the obligations to check its validity and to test our products as to their suitability for the intended use. The storage, application and use of our products are beyond our control and, therefore, entirely your own responsibility. Our products are sold in accordance with our General Conditions of Sale. The information contained within this data sheet is subject to change without notice.

Name	CAS No.	EC No.	Conc. (%w/w)	Classification & R phrases
White spirit	64742-48-9	265-150-3	3-5%	Xn, R10,65

SECTION 4: First Aid Measures

Eye contact

Wash eye thoroughly with cold water. If irritation persists seek medical attention

Skin contact

Wash affected area thoroughly with soap and water.

Inhalation

Move into fresh air. If problems persist, seek medical advice.

Ingestion

If confined to the mouth, do not swallow; wash out mouth with water. If swallowed, drink water and seek medical advice, showing the container/label/safety data sheet. Do not induce vomiting.

Medical Treatment

Give symptomatic treatment.

SECTION 5: Fire-fighting Measures

Suitable extinguishing media

Carbon dioxide, foam, dry powder or fine water spray. Water can be used to cool fire exposed containers.

Unsuitable extinguishing media

None known.

Special protective equipment / procedures

A self-contained respirator and protective clothing should be worn. Keep containers cool with water spray until well after fire is out. Determine the need to evacuate or isolate the area according to your local emergency plan.

Hazardous combustion products

Carbon oxides and traces of incompletely burned carbon compounds.

SECTION 6: Accidental Release Measures

Personal precautions

Wear proper protective equipment.

Precautions to protect the environment

Do not allow large quantities to enter drains or surface waters.

Methods for cleaning up

Scrape up and place in a container fitted with a lid. The spilled product produces an extremely slippery surface.

SECTION 7: Handling and Storage

Advice on safe handling

General ventilation is recommended. Avoid skin and eye contact. Do not breathe vapour.

Advice on storage

Store in cool dry conditions below 25°C and away from direct sunlight or heat sources.

Unsuitable packaging materials

None known

SECTION 8: Exposure Controls / Personal Protection

Exposure controls for hazardous components

Name	CAS No.	Exposure Limits
White Spirit	64742-48-9	Suppliers recommendation: - 1000 mg/m ³ for an 8 hour TWA reference period

Personal protection equipment

Respiratory protection

Not necessary when used in a well-ventilated area. If needed, use an air purifying respirator conforming to Type A (EN141). Check with protective equipment manufacturers

Skin protection

Chemical protective gloves should be worn where repeated or prolonged contact can occur

Eye protection

Safety glasses should be used

Hygiene measures

Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking or smoking

Additional information

None known

SECTION 9: Physical and Chemical Properties

Appearance and odour

Soft paste with a solvent odour.

Colour

Cream, Grey and white

Flash point

78°C

Specific Gravity

1.6g/cm³

Volatile Content

6-8%

Solubility

Insoluble in water. Some components soluble in organic liquids

The above information is not intended for use in preparing product specifications.

SECTION 10: Stability and Reactivity

Stability

Stable at room temperature

Conditions to avoid

Heat sources, sources of ignition, direct sunlight, etc

Materials to avoid

None known

Hazardous decomposition products

During combustion Carbon monoxide and Carbon dioxide will be generated

SECTION 11: Toxicological Information

On contact with eye

May cause smarting and irritation.

On skin contact

Prolonged contact may defat and dry skin leading to possible irritation and dermatitis.

If inhaled

Not applicable.

On ingestion

May cause irritation of the mouth, throat and digestive system and eventual vomiting.

Other health hazard information

Not known

SECTION 12: Ecological Information

Environmental fate and distribution

Contains biodegradable and non-biodegradable components.

Ecotoxicity effects

Low aquatic and terrestrial ecotoxicity.

Product should not be allowed into drains or watercourses.

SECTION 13: Disposal Consideration

Product disposal

Product should be disposed of as solid waste by incineration or landfill via a licensed waste disposal contractor. DO NOT empty product into drains.

Packaging disposal

Packaging should be disposed of as solid waste by incineration or landfill via a licensed waste disposal contractor.

SECTION 14: Transport Information

Road / Rail (ADR/RID)

Not subject to ADR/RID

Sea transport (IMDG)

Not subject to IMDG code

Air transport (ICAO)

Not subject to ICAO regulations

SECTION 15: Regulatory Information

Classification as required by The Chemicals (Hazard Information & packaging for Supply) CHIP Regulations

Labelling according to EEC directive

Nature of hazard

No specific regulatory or labelling requirements.

Hazard symbols

No specific regulatory or labelling requirements.

R-phrases

No specific regulatory or labelling requirements.

S-phrases

No specific regulatory or labelling requirements

EINECS

All ingredients listed or exempt

SECTION 16: Other Information

Revision date Refer to the date at bottom of sheet

This product Safety Data Sheet was prepared in compliance with Commission Directive 91/155/EEC, 67/548/EEC and 1999/45/EC as well as their relevant amendments, on the approximation of laws, regulations and administrative provisions relative to the classification, packaging and labelling of dangerous substances and preparations.

This product should only be used as stated in Seals+Direct Literature. It is the responsibility of the persons in receipt of this Material Safety Data Sheet to ensure that the information contained herein is properly read and understood by all people who may use, handle, dispose or in any way come in to contact with the product. If the recipient subsequently produces a formulation containing the Seals+Direct product, it is the recipient's sole responsibility to ensure the transfer of all relevant information

from the Seals+Direct Material Safety Data Sheet to their own Material Safety Data Sheet in compliance with Commission Directive 1999/45/EC.

All sections of this Material Safety Data Sheet have been amended since the previous version.
